

# Open Access Policy

Kazspire operates as an open-access publisher. All content is freely available online without any charge to users or their institutions. Readers are permitted to read, download, copy, distribute, print, search, or link to the full text of the content, or use it for any other lawful purpose, without seeking prior permission from the publisher or authors. This policy follows the principles of the **Budapest Open Access Initiative (BOAI)**, promoting unrestricted access to scholarly research. All publications are licensed under the **Creative Commons Attribution (CC BY 4.0)** license. This license allows users to share, adapt, and build upon the material in any medium or format, including commercial use, provided appropriate credit is given to the original creator(s). Kazspire's open-access framework ensures that authors comply with public access requirements of major funding bodies worldwide and that research reaches the widest possible audience.
